Touchless Door Opener

AVOID SURFACES & STOP GERMS!

Hands-free door hook and flat stylus tip to easily open doors, push buttons, or use touchscreens without ever touching surfaces.

Utilizing this multi-functional tool keeps hands clean and stops the spread of germs. Made from Brass, it is inherently antimicrobial, meaning it slows the spread of germs. It is also durable, eco-friendly, and 100% recyclable.

Product Measures (without packaging):

4.1"(H) x 1.5"(W) x 0.16"(D)

Codes:

LU-48201 for the individual card

LU-48221 for the strip (12 units)

**Please inquire
with sales reps
about our prices.**

Buttons

Flat stylus tip to push elevator, gas station, or ATM buttons without exposing yourself to germs.

Touchscreens

Flat stylus tip works on high-traffic touchscreens to stop germs.

Door Handles

Hands-free door hook to easily open doors without ever touching public door handles.
